

Jun Yi Liou

6017877680 | allenliou12@gmail.com | Johor, Malaysia

Summary

Motivated IT professional with a Master's degree seeking to transition into Software Development or Machine Learning roles. Skilled in Python, PyTorch, React, and Django, with a passion for innovative technology and proven problem-solving abilities. Committed to continuous learning and driving technical solutions.

Experience

PPB Property Development

Customer Relations Executive | 05/2021 - 01/2023

Key IT Transferable Skills

- Developed analytical problem-solving skills through rigorous project issue identification and resolution
- Leveraged data-driven approaches to optimize unit management processes
- Demonstrated strong project management capabilities through cross-functional team coordination
- Utilized systematic quality assurance methodologies in project delivery

Key responsibilities

- Fostered positive client relationships and addressed diverse stakeholder needs.
- Coordinated cross-functional teams, ensuring clear communication and objective alignment.
- Performed rigorous quality checks and defect analysis, upholding high standards.

Achievements

- Optimized unit management processes, ensuring excellent property condition.
- Streamlined client transition procedures, delivering exceptional customer experiences.
- Leveraged quality insights to establish best practices across multiple project locations.

PPB Property Development

Summer Internship | 06/2019 - 09/2019

- Participated in highly personalised mentoring sessions to enhance skills and knowledge
- Leveraged problem-solving skills to navigate challenging negotiations and achieve successful outcomes
- Engaged in social events to build relationships and network within the organization

Key responsibilities

- Organized events, leveraging project management and communication skills.
- Conducted data-driven feasibility studies, utilizing analytical and research competencies.
- Facilitated negotiations, employing problem-solving and interpersonal abilities.
- Performed thorough quality checks, upholding high standards and attention to detail.

Achievements

- Successfully executed events through effective planning and coordination.
- Provided valuable insights from comprehensive feasibility studies.
- Built positive stakeholder relationships, fostering trust and collaboration.
- Ensured quality standards through meticulous defect checking processes

Skills

Python, HTML/CSS, SQL, Javascript, Django, PyTorch, Git, FastAI, React, EJS, GitHub, Critical Thinking Skills, Agile Methodologies, MongoDB, PostgreSQL, Project Management, Documentation review, Computer literacy

Education

INTI International University

Masters in Information Technology | 11/2024

- Graduated on distinction with a CGPA of 3.79

Completed courses in:

- Fundamentals of Computing
- System Development Tools and Techniques
- IT strategies
- Ubiquitous computing
- IT Project Management
- Innovation and Knowledge Management
- Network Security
- Decision Support Systems
- Research methods for computing
- Future Informatics

University of Reading Malaysia
Bachelor of Science in Real Estate | 12/2020

Languages

English, Chinese, Malay

Github Projects

1. A full-stack note-taking application inspired by Google Keep, built with the MERN stack (MongoDB, Express.js, React.js, Node.js).
 1. <https://github.com/allenliou12/Keeper-Mern-App>
2. Personal Website
 1. <https://github.com/allenliou12/Personal-Website>
3. Machine Learning Fashion Recommendation System (In progress)
 1. Has the intention of developing a wardrobe recommendation system using PyTorch, designed to suggest outfits based on user preferences, available clothing, and contextual factors such as weather or events.
 2. Currently focused on mastering foundational PyTorch concepts, including data preprocessing, model architecture, and training algorithms.

Hobbies and Interests

- Surfing: Passionate about surfing the coastal waves and improving technical skills
- Piano: ABRSM Grade 5 (Practical and Theory)
- Machine Learning and AI related topics
- Practiced Muay Thai
